Federal Law, U.S. Department of Energy, National Nuclear Security Administration regulations, and agency policies prohibit employment related discrimination based on race, religion, color, sex, national origin, age, or disability. Agency policy prohibits sexual orientation discrimination. Additionally, retaliation against an employee who alleges discrimination, participated in an investigation or opposes an unlawful practice is strictly prohibited. Any employee or applicant for employment who feels discriminated against because of these reasons may initiate pre-complaint processing by contacting an EEO counselor within 45 calendar days of the alleged incident. The counselor will obtain relevant facts and seek a resolution to the problem. Procedures for filing an EEO complaint are contained in EEOC regulations at 29 CFR 1614.

Copies of the procedures are located at the EEO and Diversity Office and the following website: <http://www.doeal.gov/eoo>.
